MONITOR ACTIVITIES

The V Fitness activity wristband tracks how many steps you have taken, distance travelled, calories burned and sleep quality by measuring sleep turns. It has a build in alarm that can remind you when to go to sleep and when to wake up

GOAL SETTING

The V-Fitness activity monitor allows you to set goals, view real time result, keep track of pass achievements and give you notification when you accomplished your goals.

SHARE RESULTS

Sync your data with your smartphone through Bluetooth and share it with your friends on Facebook using the free Android or IOS App. (Requires Android 4.3 above or Apple iPhone 4 and above)

EASY MAINTENANCE

Charge the device from the USB ports on your computer/laptop or using a USB charger over 300mAh. Fast charging, each charge can last up to 5 days of normal use.

OTHER FEATURES

- The V Fitness Activity Monitor comes with a handy clock and silent vibrating type alarm. The clock is synchronised to your smartphone to get the accurate time.
